

# Abhishek Kumar Singh

**Contact Information**

Senior Undergraduate  
Department of Biotechnology Engineering  
Delhi Technological University (DTU) Delhi, India

E-mail: abhishekkumarsingh9585@gmail.com  
Mobile: (+91)-8595901221

**Education**

Year	Degree	Institute/School	CPI/%
2024	B.Tech, Biotechnology	Delhi Technological University (DTU) Delhi	7.5 <sup>*</sup> /10.0
2019	Senior Secondary(CBSE)	S.C.S.D Senior Secndry School, Delhi	70.8%
2016	Secondary (CBSE)	R.S.B.V Senior Secndry School, Delhi	71.4%

<sup>\*</sup> At the end of 7th semester

**Academic Achievements**

- Secured **78157 (76.8 percentile)** in **JEE-MAINS 2020** (Oct)
- Mentee at GirlScript - Make contribution in blockchain technology. (Jan 2024)
- LEETCODE** - rating **1860(Knight)** .

**Internships**

**Center for Railway Information System(CRIS), New Delhi, India** *Mentored by Mr. Amit Saxena, Principal Project Engineer, CMS group*

- Build a React-based **Crew Management System** using HTML and javascript integration to track and manage station and ticket crowds, **achieving 95% accuracy**. Integrated React Router DOM for seamless navigation, reducing page loading time by 70%.
- Developed a **case study**, resulting make review of 20 user engagement within the first month

**Coding Ninjas TA ship, Remote ,India**

- Analyzed the **DSA problem statement**, **piling works** and help to solve them.
- Developed substantial understanding of **planning** as well as **execution** of the any problem.

**Project's & Achievements**

**MY FAVORITE CUISINE**

- Build re-engineering project to improve and consolidate end-to-end service processes.
- Build pure dynamic and responsive accordion component using React.js.
- Devotedly Utilized state management to toggle the visibility of accordion items, providing an intuitive user experience.

**BLOGIFY**

- Built a dashboard using Node.js, Express.js, CSS, and HTML provide real-time insights.
- restructured communication flow among all components and cut down paperwork by 75%,reducing page load time by 15%
- showcase understanding of files and structure and working of react.

**Position of Responsibility**

Coordinated new events like **Story writing & Creative writing** for the society

**Technical Skills**

**Java as Programming Languages, HTML, CSS, JavaScript, SQL, react, problem Solving & debugging skills, Version Control & CI/CD**

**Relevant Courses**

Data Structure and Algorithm ‡	Java Programming
Software Engineering ‡	Objects Methods and its Engineering
VC (Version Control like Git) ‡	Computational Methods in Engineering
Advanced Data Structure ‡	Engineering Mathematics

‡ On going courses
